Candidates to note the following:

- The Exams Office will need to have received requests for Post Results Services (including payment) by **at least one full working day before** the service deadline.
- The costs quoted above are **per script/unit**.
- No enquiries about results can be made if a request for the **original** script has been made.
- If you are requesting a re-mark of any description, you must also complete a “Candidate Consent” form.
- If you are requesting a re-mark, you should consider requesting a copy of your re-marked script at the same time in order that your teacher can check the accuracy of the marking by the Awarding Body in case there are grounds for Appeal.
- You must remember that it is possible that marks can be deducted as well as added when a paper is re-marked

Further details of the Post Results Services are available on each Board’s website or by following the links from the Exams section of Heathfield Community College’s website. Additional, general information is also available in the JCQ Post-Results Services document, a link to which may also be found on the College website.
