Dear Parent/Carer

In the last full week of the academic year, from 15 to 18 July 2019, we are planning four days of Enrichment Activities for all students in Years 7, 9 and 10 to coincide with Year 8 students being on Camp.

We will be offering students a wide range of activities that will give them an opportunity to learn outside of the classroom or in a different way. Activities may give them the chance to establish or further develop a new or existing skill. They will have the opportunity to work with staff and other students in new ways which will help their personal development and allow them to engage in deeper learning.

We will try to keep the cost of activities as low as possible and some will be free of charge, however, as part of the activities week we are planning to offer three residential trips in Europe including Normandy, the European Space Centre in Belgium and a trip to Florence. These trips will cost between £400 and £600 and we wanted to make you aware that these opportunities will be offered as part of the week.

Full information on the activities that will be available and how to choose will be communicated to you later this term.

Yours sincerely

MR B HOWARD
Deputy Headteacher
