Dear Parent/Carer

Please find attached a summary guide to the issue of School Funding now we are in a General Election situation. You will be aware of the work that has been done before this point to raise the issue of school funding in the light of rising costs. You may wish to test out the prospective candidates views and intentions on this matter when they come knocking on your door.

It is important that schools remain objective, safe places where all students can feel comfortable to explore and express their views, as such this guide intends to be clear on the facts but is non-political. You will be aware that all MPs in post, up until this point, have responded to our campaign and made their actions clear via their websites; prospective candidates seeking election/re-election will need to set out their intended actions to take this issue forward.

We hope this guide allows you to ask the important questions and challenge the standard rhetoric from all parties.

Yours sincerely

MS C BARLOW
Headteacher
