The common types of questions that you need to know how to answer are as follows.

- Multiple Choice / Multiple Selection
- Calculate
- Explain
- Analyse
- Evaluate
- Do you think....? Justify

You will find support on how to answer these in the exam advice presentations in Resources for Students BUT the most important thing is to make sure that your answers are about the case study business or in put in its context.

- Eg1 don't say "product" say the name of the actual product.
- Eg2 refer to names of famous competitors of the case study business.
