

Sixth Form Transition Plan

The following plan outlines the Transition being offered to Year 11 students making the move into Sixth Form. The programme considers subject specific work alongside skills and attributes that are required to be a successful Sixth Form student.

Students will be guided based on four areas:

- Preparing for College
- Preparing for Learning
- Preparing for Subjects Part 1
- Preparing for Subjects Part 2

Date (Week Beginning)	Skills & Attributes	Subject Transition
4 May	Preparing for College Effective Time Management Beating Procrastination	Preparing for Subjects (Part 1) Bridging the Gap Each subject has highlighted some work that you can do to support you with the transition to Sixth Form. This may be knowledge that is important from GCSE or learning about new subjects. Further Reading This includes books, blogs, websites that will allow you to explore your new subjects and understand Continuing Revision & Recap During this period, you should also be revising and recapping all knowledge from GCSE's. The gap between your GCSE studies and A Levels will be larger this year. Revising all content will give you a secure foundation of knowledge.
11 May	Preparing for College Independent Learning Expectations & Necessity	
18 May	Preparing for College Supporting your transition Making the step up	
25 May	Half Term Holiday	
1 June	Preparing for Learning Effective Learning What can you do?	
8 June	Preparing for Learning Notes, notes, notes Making successful notes	
15 June	Preparing for Learning Efficient Reading: Scan, Skim & Detail Efficient Revision: The Revision Clock	
22 June	Preparing for Subjects (Part 2)	
29 June	We will launch our subject task materials during this period. We will be evaluating how we can provide a Taster Day in light of the ongoing situation.	

Our Taster Day is calendared for Monday 29 June. We will make a decision based on guidance whether this can take place in its planned form. We will inform students before Half Term regarding this decision and make alternative plans if required.
