Raising a Concern

WHO to Contact

The flowchart below highlights who to contact when raising an issue concerning your child.

In some cases, or if a satisfactory conclusion is not possible, the following escalation may be required.

HOW to Contact

Contact should be either by email or phone call, depending on urgency, to the appropriate member of staff - see flow chart. We understand that issues regarding your child can be worrying and as a parent you want answers and resolutions quickly. However, it is important that any **communication to the College from home should be in a tone appropriate for a professional environment.**

RECEIVING a Response from the College

The member of staff responding to an issue raised will do so as soon as possible. **Please note that it is not always possible for a member of staff to respond immediately either due to working commitments and/or a number of College staff are part-time.**

Once the email/phone call has been received, the member of staff will consider carefully who will be the most suitable person to deal with your concern. Therefore, the person responding may not be the original contact.

You should expect to receive an acknowledgement of your contact with the College in a timely manner. However if you do not receive a response within 2 working days then please email office@heathfieldcc.co.uk.

OUTCOME of Concern Raised

The result of the issue raised will include clear outcomes. These will either be agreed verbally or in an email.

If the outcome has not been agreed, then the concern should be taken further by following the escalation shown in the flow chart opposite; if this still does not resolve the issue then the following link to the [complaints procedure](#) should be used.
