Signed...... Richard Karn, Chair of Governors

## Vision and Purpose

Promoting a career development culture is an essential part of the mission and ethos of Heathfield Community College. We aim to support the aspirations of all our learners and to ensure that they gain the understanding, skills and experience they need to make progress and succeed in learning and work. We believe that effective careers education and guidance not only contributes to the well-being of individuals but also to the wellbeing of their families, the communities to which they belong, wider society, businesses and the economy.

## **National and Local Expectations**

We are committed to meeting national and additional local engagement in relation to careers by:

- Employing and professionally developing a Level 6 qualified Careers
  Guidance Counsellor in accordance with Securing independent and
  impartial careers guidance for Y8-13 as required by the 2011 Education Act,
  Careers guidance and access for education and training providers statutory
  guidance for schools and guidance for further education colleges and sixth
  form colleges (DfE July 2021), the CDI Framework of March 2021 and the
  Gatsby Benchmark toolkit.
- Fulfilling our duties under the Equality Act 2010 to promote equality of opportunity, foster good relations across all people, eliminate harassment and discriminatory practices and support children with protected characteristics
- Please see our <u>Provider Access Legislation</u> for more information on who manages student entitlement and how providers can offer support and gain access. This also reinforces our commitment to provide our students with both knowledge of and access to information regarding apprenticeships, technical and vocational education.
- Within East Sussex we are supporting our learners to use, search and apply as full adopters of www.careerseastsussex.org. We have strong links with Y.E.S. to identify potential NEETs early and support them pre-emptively. We annually support the biggest local Careers Fair: 'The Big Futures Show' and have strong links with Wealden Works! In addition, we have long established links with both Universities of Sussex and Brighton, taking all of Y11 to visit the Sussex campus and working with both institutions on their First Generation Scholar schemes. Our careers lead sits on the S.E.S. We have an EA and work closely with the Enterprise Co-ordinators and the CEIAG Hub. We have for the third time been awarded the full Investors in Careers Award under the increased stringency of linking the kitemark to 100% compliance in the Gatsby Benchmarks.

#### **Current Priorities**

Our careers strategy is informed by these current priorities:

- Supporting our young people in planning and managing their progression to best manage a Post Covid 19 United Kingdom
- To use Compass + to further improve our Gatsby Benchmarks.
- Ensuring students are informed about all possible post Y11 pathways including apprenticeships, vocational courses and T Levels

- Supporting individual aspirations, improving attainment and ensuring positive destinations by embedding careers education through the curriculum and demonstrating alumni as role models.
- Meeting the needs of specific groups including children looked after, young carers, children from economically-deprived backgrounds and children with special educational needs and disabilities as well as those who fall under the Pupil Premium remit and Protected Characteristics.
- Developing learners' career management skills, especially those associated with career adaptability, resilience, enterprise and employability in a fast-changing career landscape
- Improving young people's working lives by helping them to identify the values that
  are important to them such as contributing to the wellbeing of others through their
  paid and voluntary work.
- Continuing to develop the use of digital technologies to meet young people's career development needs in conjunction with face-to-face support, when this becomes possible and safe
- To continue to grow the offer of WEX for y10 and Y12 during Enrichment Week
- Growing our work with parents/carers, alumni and education, community, employer and business partners to meet students' career development needs
- CIP Objective 4c: Review and develop support for employment routes and experiences: enhancing use of employability skills across the curriculum

## Strategy

To achieve the objectives of this policy, and monitor and evaluate the outcomes, we will:

- Ensure that we have a named Careers Lead who is a middle leader
- Ensure that the governing body is actively involved in shaping careers' policy and strategy through its committee structure and there is a named Careers' Governor.
- Have a member of SLT to advise the Senior Leadership Team and governors on curriculum, staffing and resource requirements and to lead the development, implementation and evaluation of the college's careers provision with the support of other key post holders (e.g. Curriculum Leader for PSHEe, Careers Adviser, SENDCO, Head of Sixth, Heads of Year, Pastoral Managers) and specialist independent careers' staff
- Develop and maintain a costed annual careers' plan for achieving current priorities including delivering the planned programme, meeting staffing and CPL costs, and monitoring, reviewing and evaluating the strategy
- Set out clearly the contribution expected of all staff, including subject teachers, curriculum leaders and tutors for students' career learning and planning
- Communicate the benefits of effective provision to our partners, including link schools, local Colleges and Universities and engage them in co-ordinating provision
- Actively involve learners themselves in the planning, delivery and evaluation of the careers' programme.
- Involve parents and carers in what the school does and how they can support their children
- Ensure that LMI is embedded and updated within the curriculum and that CE is part of all our academic and pastoral provision
- Ensure that destination data for y11,12 and 13 is both thoroughly reported and tracked and used to inform our whole CEIAG programme
- Evaluate our Careers Education using the Careers & Enterprise Company's 'Tracker' and Compass + tool (<a href="https://www.careersandenterprise.co.uk/schools-">https://www.careersandenterprise.co.uk/schools-</a>

<u>colleges/gatsby-benchmarks</u>) which means we are reassessing and improving against the criteria of the recommended Gatsby Benchmarks
