Message from the Headteacher

As Headteacher of Heathfield Community College I feel privileged to lead such a successful and happy school. You are joining a high achieving, positive and inclusive environment that it is exciting to be a part of, recognised locally and nationally for our collective success.

I understand that starting secondary school is an important time for each young person and for their family. We are delighted that your child is joining us, they will be an important part of the next stage of the College's development.

You will be joining a school that works hard to ensure exceptional educational experiences with ambition and breadth for all. Students are supported to develop the knowledge, skills and characteristics to become the very best version of themselves.

Our Ofsted inspection in May 2023 confirmed Heathfield Community College as could be judged Outstanding or "Great" across all areas where the tangible sense of our values "*Pride, Ambition, Community are lived out in daily life*". In October 2025 Ofsted inspectors noted our provision was strong in all areas with exceptional Inclusion.

Achievement across all key stages has been consistently strong; over the past 7 years we have achieved results at both GCSE and A level which are among the best in the county and in line with the top 20% of schools nationally. Our ambition and aspiration mean we constantly seek to improve. We believe it is what our students deserve. In that context, your son/daughter will be expected to apply themselves fully to their studies, rising to new challenges. Heathfield students undoubtedly reap the rewards of their hard work, developing the ability to succeed at any level and in any environment.

Our students, and staff, have a strong sense of pride in belonging to Heathfield's community. All students develop the vital skills they will need to thrive and excel in their life beyond college through a rich range of experiences and opportunities. Highly effective and well-regarded pastoral care ensures students are well known and understood. Personal development is a real strength of our College.

"Pupils flourish here....[they] feel happy and safe in this vibrant and nurturing school" Ofsted

Committed and knowledgeable staff create the very best opportunities for students with excellent teaching and learning; flexibility at KS4; innovation in ICT alongside rich extra-curricular opportunities and experiences in which students are encouraged to participate.

None of this would be possible without high quality communication and partnership with parents and carers. We are proud of our open, honest and constructive relationships with parents, accepting that we at our most effective when we work together, willing to listen and learn from each other.

"Absolutely fantastic school. My son in year 7 has had a great transition from primary, the feedback on progress has been brilliant. Teachers are passionate and motivating. He's extremely lucky and I'm so pleased we chose this school."
(Parent)

I look forward to working with you over the next few years, so that together we can support your child in their journey to becoming an exceptional young adult.

Ms Caroline Barlow
Headteacher

Message from the Head of Year

The transition from primary school to secondary school is one of the biggest changes that you and your child will experience. However, we also know, that it is a time of excitement and new, enriching experiences.

I am looking forward to welcoming our new Year 7s. Some may be feeling excited, others may be quite nervous, and many will feel a mix of both, and many other emotions besides. All of these feelings are perfectly normal and shared by all of our new starters. Year on year, we see that once students join us, they quickly settle in and enjoy life at Heathfield Community College.

Moving to secondary school will provide your child with an opportunity to learn fascinating new things, build friendships and to take part in extra-curricular activities, any of which could be the catalyst into a life of success. We support all our students to become hard-working, resilient, enthusiastic young people, finding success in their academic achievements, as well their citizenship and compassion for others and the world around them.

We are thrilled that you have chosen to become a member of our community here at Heathfield and we are excited to meet you all soon. I know from meeting many of our new students already, that they will bring bright sparks of energy and enthusiasm to our school community. We take the view that a student is so much more than a list of grades on a page, and will always work to provide a rounded education that equips our students with a broad range of skills, knowledge and understanding. They will not only take hold of their futures, but make them the very best they can be.

Both inside and outside the classroom, we offer a wealth of activities and experiences. Our broad subject offer means that students will study the core curriculum alongside a range of arts, humanities, languages, sciences and technical subjects. Our selection of extra-curricular clubs and activities offer something for everyone, whether it's continuing a favourite hobby, interest or sport, or trying something brand new.

I can't wait to welcome your child to Heathfield. I look forward to working with you to help everyone achieve their best in the years to come.

Ms Jodie Adams
Head of Year 7 (from September 2026)

Key Dates 2026-27

Our online calendar with key dates can be found on our website and by clicking [here](#). A regular update of dates for your diary will also be sent with the regular Headteacher letters and Headlines.

How You Can Help Your Child

The transition from primary school to Heathfield Community College is exciting and important although it can be a daunting prospect for both you and your child.

This is the start of a new journey where your child will be given many opportunities and experiences plus face situations and changes requiring skills and abilities they may not have used before. These skills will often have to be taught, encouraged and developed.

Parents, naturally, want to encourage and reassure their child about transition and support them in developing these skills, but may feel they lack the experience and information to do so. The aim of this booklet is to provide you with the information you need to support a smooth and positive transition to Heathfield Community College.

The main worries students express about starting secondary school are to do with social concerns, being organised, how to seek support. These will be explained further in this booklet with some tips along the way to help.

Visions, Values and Habits

Vision and Values

Heathfield Community College is a positive and inclusive environment ensuring exceptional educational experiences with ambition and breadth for all. Students develop the knowledge, skills and characteristics to become the best version of themselves; Heathfield students succeed and thrive at the highest levels.

Pride

To continually improve, we celebrate our own and each other's achievements which develops confidence and self-belief. We celebrate our own and each other's achievements for continual improvement which develops confidence and self-belief. We value integrity and honesty, making decisions for the good of everyone. We actively engage in and value a wealth of rich and broad experiences that enhance our well-being and self-esteem.

Ambition

There is no limit to what we can achieve with the right mind-set, focused hard work and attention to detail. High quality teaching and learning builds confidence, exceptional outcomes and destinations through an innovative, challenging and personalised curriculum. We attract and retain the best staff based on career fulfilment, enjoyment and job satisfaction.

Community

Mutual respect and integrity underpin positive relationships throughout the College. We value diversity, good manners and courtesy. We understand our words and actions have impact; consideration and compassion are important. We try to make a positive difference, working in partnership with parents and our wider community. We are all accountable for the responsibilities we each hold.

Heathfield Habits

Confidence

- I have pride in myself and what I have achieved.
- I have set myself the highest expectations and have ambition for my future.
- I have self-belief in my strengths and abilities and communicate these through my words and actions.

Engagement

- I am on time to school and lessons; I do as I am asked the first time of asking.
- I engage positively in lessons and am enthusiastic to learn.
- I make sure I have the right equipment, uniform and attitude to learning.

Compassion

- I value others and show kindness and consideration to all in our community.
- I listen respectfully and respond carefully.
- I show good manners and courtesy.

Determination

- I am resilient and determined in the face of challenge.
- I am reflective about my success and how this can apply to other aspects of College life.
- I am willing to make and learn from mistakes.

Integrity

- I play my full part in making the College a positive environment.
- I am honest about my actions and responsibilities.
- I do the right thing, regardless of where I am or who I am with.

Pride
Ambition
Community

What Our Students Say

We asked our current Year 7s how they felt when they moved to Heathfield Community College:

Phoebe - *I was nervous when I started Year 7 as I was the only one coming from my primary school. But everyone joins together as a year group. I was worried about being late to lessons being annoying to my classmates, but everyone is very kind and supportive to anyone they don't know. I loved new topics and learning new things. Everything turns out great.*

Casey - *When I first started, it felt quite difficult and confusing. I learned my way around really quickly and found my lessons. I struggled with some of the changes to secondary school, but the staff helped me to find my way and settle in.*

Katie - *At the start it was scary but as you got new friends and got to know people it got a lot better and really fun.*

Louie - *I was very nervous but excited to meet new people and teachers. I came to Heathfield with only a few people from my old school but now I have loads of friends.*

Faye - *When I first joined, I was really scared and nervous, especially since everyone was much older and I thought I would get lost while trying to find my classes. However, people around the school helped me find my way and all my teachers were supportive and I made lots of new friends. School feels easier to go to now so don't worry, it'll be ok!*

Jack - *When I first joined, I didn't know very many people. After a couple of weeks, I made friends with a few people in my form and in my lessons. After two or three weeks, I got used to where the rooms were, and who my teachers were.*

George - *I wasn't quite sure about Heathfield when I first joined and I don't really know how to prepare myself for secondary. But now I've settled in and I'm having a good time!*

Jacob - *I struggled at first in year seven but I found the teachers worked with my needs. Take part in after-school clubs because you can make new friends. If you ever feel upset or anxious, you can go to welfare or pastoral and I guarantee you will feel so much better as the staff are so nice and supportive.*

Lizzie - *When I first started secondary school I was so nervous the school was huge and the kids were so tall, it was like being in reception again. But I quickly learned where everything was and the map was so helpful (the time table was too). When I saw someone who looked just as nervous as me, I knew that we would be best friends (we still are). My advice is to talk to the person or people next to you. They are probably just as nervous as you!*

Uniform Requirements

General

At Heathfield Community College we believe that a school uniform gives a sense of belonging and pride in the College whilst ensuring equality amongst students. Ensuring consistent adoption of a simple uniform is an important part of reducing one aspect of peer pressure and inequality between students. In addition, a smart appearance contributes positively to the students' attitude to work and study; it also influences how the College is portrayed to the general public.

The College expects and encourages every student to look smart at all times. Students are expected to present with: Natural and tidy hair; no extreme styles or colours; natural and discreet make up; plain black belts. It is the College's judgement on whether these expectations have been met. If in any doubt always check with your Pastoral Manager before making any changes. It is vital for all property to be clearly marked with the student's name. In this way lost property can be traced.

College Uniform Supplier

Heathfield Community College uniform policy requires that the items listed below should be purchased for all students. The majority of uniform is available from Broadbridges our uniform supplier:

- Telephone 01444 413466
- Website www.broadbridges.co.uk
- Shop - Broadbridges, 2-8 Sussex Road, Haywards Heath, RH16 4EA
 - Mondays to Fridays 9am to 5:30pm
 - Saturdays 9am to 5:00pm

If considering purchasing items from an alternative supplier, the items must comply with our policy.

Pre-loved Uniform

Pre-loved uniform is available from the Supporters of Heathfield Community College who hold pop-up shops at our Subject Feedback Evenings and sometimes during the summer holiday. Please check their Facebook page for dates: https://www.facebook.com/SOHCC-Preloved-Uniform-Sales-Heathfield-CC-106190704487240/?modal=admin_todo_tour

Jewellery

The wearing of jewellery is limited and subtle:

- discreet studs for pierced ears
- no necklaces should be worn
- only one ring
- no bracelets.

Any other piercing is forbidden, i.e. nose piercing. Any prohibited jewellery / piercings will be confiscated. Piercing replacement retainers are not to be worn.

Hair

Extreme styles of hair are unacceptable. These include: unnatural colours (for example but not limited to pink/plum/purple tinted), two tone/dip-dye hair. Shaved lines, shaved patterns and/or distinct/sharp changes in length in the hair are also not acceptable. All changes in length should be graduated. There should be no skin fades. Styles containing beads are unacceptable.

If at all unsure, circumstances relating to cultural requirements should be discussed with the College in advance at all times.

Makeup

Makeup should be discreet: no bright colours on eyes, false eyelashes or heavy coatings of mascara or foundation. No nail varnish, false nails or nail art.

Headscarves

Black or white plain headscarves may be worn for religious/cultural reasons.

Guidance

If you are in any doubt about uniform, hairstyles or jewellery always contact your child's Pastoral Manager before styling or purchasing to avoid difficulties, misunderstandings or sanctions. We will not accept any alternatives to what is outlined in this policy.

In the event of students wearing incorrect/inappropriate uniform, hair, or jewellery:

1. This will be logged on our management system as a uniform issue.
2. Students will be expected to correct immediately if possible (e.g. nail varnish, jewellery).

3. Be supplied with replacement items to wear for the remainder of the day if possible.
4. If 3 is not possible, then social time will be supervised inside College.

Parents/carers will be contacted and consulted of the method of providing an acceptable replacement.

Should a student be wearing incorrect uniform, hairstyle or jewellery they will lose their free time until the situation is resolved.

Should a student refuse the offer of borrowed uniform or to remove inappropriate jewellery he/she should expect to have lessons in the Inclusion Hub until the issue is resolved.

All items of uniform, PE kit and other clothing should be clearly labelled with the student's name.

Item	
Blazer	- Black blazer with College logo on the breast pocket. <i>Only available from Broadbridges</i> - Students may remove blazers in class but should wear them at all other times including moving between lessons. In hot weather students will be advised by teachers of the change in rules
Polo Shirt	Green polo shirt bearing the College logo <i>Only available from Broadbridges</i>
Jumper (optional)	- Black V-neck - Additional item worn as well as the blazer <i>Available from Broadbridges, SOHCC or other retailers (cotton blend, v-neck only will be acceptable)</i>
Trousers	- Black classic or straight fit school trouser style only and should not come above the ankle - Trousers must be plain black material only Trousers that are close fitting on any part of the body are not acceptable. Trousers that are skinny fit/skin tight, denim, made of heavy cotton material, combat style, jean style, contain Lycra, or similar stretchy fabric that would cause them when worn to look skin tight/tapered, or with logos are not acceptable. Neither should trousers have additional buttons / zips / sequins / rips / studs / poppers / makers labels or names on them - Tailored shorts that adhere to the same criteria above. The length of the short should be knee length. Shorts must be worn with school shoes, not trainers

Skirt	<u>Option 1:</u> Black knee length pleated skirt (deep yolk, all round pleated - Charleston style with black zip) - for the majority of students the 24” length will be required OR <u>Option 2:</u> Black straight knee length skirt. This is a school skirt, not of stretch material The length of the skirt must be knee length (various lengths are available to comply - please ensure compliance with this rule) No other style of skirt is acceptable • Skirts that are close fitting on any part of the body are not acceptable. Skirts that are skin tight, denim, made of heavy cotton material, combat style, jean style, contain Lycra, or similar stretchy fabric that would cause them when worn to look skin tight/tapered, or with logos are not acceptable • Neither should skirts have additional buttons / zips / sequins / rips / studs / poppers / makers labels or names on them • No other style of skirt is acceptable
Belt	• Smart black belt only. • No studs or embellishments
Footwear	• Black shoes that can be polished. Examples of the type of shoe can be seen here. • No trainer style, canvas shoes or trainers to be worn (except with a medical note which will be time bonded dependent on injury). • No suede shoes, no Ugg style boots, no open toe, no sandals, no high heel or platform shoes are permitted • Trainers may only be worn during PE lessons • Boots may be worn to College during bad weather but must be changed for school shoes on arrival
Socks	• Black or dark grey only, no higher than ankle socks
Tights	• Tights, black or natural only, to be worn without additional socks
Outdoor wear	• A winter coat is the only acceptable additional outer layer in College • Hoodies and jackets of a sweatshirt type material are not acceptable as outdoor wear in College • No cardigans, sweatshirts or hoodies to be worn under the blazer • Hats and scarves are not permitted in the building

Bags	- Students are required to carry their equipment in a school bag/rucksack - Bags should be big enough to hold A4 folders and sturdy enough to protect items inside
------	---

PE Department Expectations

If a student is unable to take part in PE, we encourage them to continue to participate in other ways such as officiating games, coaching or evaluating performance. Therefore, they will still need to bring the correct kit with exceptions, such as coat or extra warm clothes as stated by their teacher and a letter informing us of the reasons for not taking part. Students are then able to participate and achieve their targets in lessons.

Following discussion with students and parents we agree that greater consistency of items of PE and slightly more choice would be better for all. Therefore, we have added some optional items and also ensured all PE items are logoed for greater consistency.

It is important that every student has the compulsory kit as listed below, students competing and participating to represent the College do not need to purchase any additional kit, these items are cost compared annually to ensure best value locally in line with other schools:

Compulsory kit	- Green and black unisex logoed short sleeve PE top/ fitted green and black short sleeve PE top <i>Only available from Broadbridges or SOHCC</i> - Plain black items chosen from: - Plain Black shorts - Plain black jogging bottoms - Plain black sports fabric legging - Plain black skorts - Plain black fleece Available from Broadbridges or SOHCC, also available elsewhere if of the required quality and fabric and no logos - Black knee length sports socks - A change of underwear - Shin pads - Training shoes - Football boots (when required on the field)
Gum shields are compulsory in lessons and College matches for contact rugby. We strongly advise the use of gum shields for hockey. They are compulsory when playing in College matches.	

This list is not exhaustive and from time to time these criteria are open to interpretation. It will be for the Headteacher to determine acceptability. The Headteacher's decision is final.

Organisation – The School Day

Time	Period
8.33am	Call to registration
8.35 am	Tutor Time / Assembly
9.00 am	Lesson 1
10.00 am	Lesson 2
11.00 am	Morning Break
11.20 am	Lesson 3
12.20 pm	Lesson 4
1.20 pm	Lunch
2.00 pm	Lesson 5
3.05 pm	College Finishes

Heathfield Site

Heathfield Community College is a large school and students will need to move around the College between lessons, with bags and equipment. There are some lockers available if required, in which books and kit may be kept during the day. They are not suitable for very large sports bags so students should use a reasonable sized bag for carrying books and sports equipment between home and College. There is a charge of £30 (non-refundable) for the use of a locker, this one-off payment will cover the rental from Year 7 through to Year 11.

The maps which can be found on the contact us page of our website or by clicking [here](#) show the size and layout of the College. Teachers are very understandable about new students still trying to find their way and there are lots of willing people around to help show the way.

Equipment

All students are expected to have the following equipment:

Pencil and Sharpener

Pens

Pencil Case

Rubber

Ruler and Protractor

Scientific Calculator -
Casio FX-85GTCW

Phone Pouch

Coloured Pens/Pencils

Water Bottle

Reading Book

iPad (charged)

Headphones/Airpods (compatible with iPads)

Top Tips on Organisation

- Encourage your child to get everything ready and prepared the night before.
- Check your child has all necessary equipment for the day ahead.
- Go through their timetable with them helping them to learn to take responsibility.

Transport

Your child may have to travel further to school and make this journey independently for the first time.

Travel by Bus

Bus passes must be carried at all times and shown to the driver on boarding the vehicle. If the pass or ticket is lost or damaged a duplicate can be requested through East Sussex County Council at a cost of £10. Only one duplicate Freedom Pass will be issued in any one term. If a duplicate is lost, the student will be liable for fares for the remainder of the term.

Travel by Car

To avoid congestion outside the main College gates before and after school, parents collecting children by car are requested to park on the road alongside the wall to Heathfield Park opposite the Sports Hall (Freedom Leisure). We ask that you follow the voluntary one-way system shown in the map below to avoid congestion when bringing and collecting your child as it helps to keep traffic flowing. **Please do not park on the yellow Zig-Zag lines.**

Top Tips on Travel

- Agree a morning routine which encourages your child to be organised in a calm manner.
- Agree a bed time for school days with your child to ensure they get enough sleep, can get up on time and arrive at College in plenty of time.
- Be sure your child knows the time they must leave the house in order to arrive at the College in plenty of time.
- Be sure your child is clear about what time they should be home and what to do if they are held up for any reason.
- Ensure they have your contact numbers.
- Insist on your agreed routines - this will save you time and energy in the long run.

Key Contacts

We recognise that mobile phones and devices are part of everyday life for many children and that they can play an important role in helping students to feel safe and secure. However, we also recognise that they can prove a distraction in school.

If you wish your child to bring a mobile phone to school they will need to follow the mobile phone policy which is available on our website. On arrival to school, phones must be switched off and placed in the phone pouch that students will receive on their first day. Staff will then close the pouch and return it to the student who will keep it in their bag for the day. At the end of the day, the student can unlock the pouch on one of the unlocking stations as they leave the college.

Any unauthorised use of mobile phone or device during the day will lead to it being confiscated.

The Reception/Main College office is open from 8.00am - 5.00pm Monday to Thursday and 8.00am - 4.30pm Friday during term time.

Information is sent home to parents via our email service. If you change your contact details at any time please ensure the College is informed.

[Please click here for a guide on who to contact should you need to](#)

This guide will be updated for September 2026.

Support

Students will be supported by many different staff members: they have a different teacher for each subject; their form tutor; their Head of Year, Pastoral Manager plus others within the College community.

Each student belongs to a tutor group where a programme of activities is carried out including literacy, discussions on current affairs, a weekly quiz, a tutor time activity related to our Cultural Calendar and assemblies. These tutor groups stay together throughout their time at Heathfield enabling their tutor to provide ongoing and individual support.

Through the years that your child is with us at Heathfield Community College you will meet with staff in a variety of different ways. The main opportunity to do so is at the Year group Subject Feedback Evenings (formally Parents' Evenings), the date of this can be found on the College calendar which can be found by clicking [here](#).

Please never hesitate to contact the College if you are concerned about your child's progress or welfare. You know your child best and if there is something that we need to be aware of or help with then we want you to feel welcomed to contact us. It is always easier to solve a problem when it is smaller.

The form tutor is the member of staff that you are likely to have most contact with. Because of the relationships that form during tutor time, tutors are the first point of contact for students and parents. If a parent has concerns about the progress of their child, or day-to-day issues such as friendship problems, changes in family circumstances or difficulties with homework then the tutor is the person you should contact. The tutor can gather information and allay fears or concerns that you or your child may have. If the tutor feels they are not the best person to give you answers they will pass you on to a different member of staff who will be able to answer your concerns more thoroughly.

If the problem concerns College policy or is considered to be particularly serious the Pastoral Manager should be contacted to arrange an appointment.

Parents can also communicate with a member of staff or the tutor by emailing office@heathfield.co.uk or phoning the College and arranging to speak to or see them when they are available. All teaching staff have teaching timetable commitments and consequently are generally unable to meet with parents without prior arrangement. By giving a brief outline of why you wish to meet with the tutor or member of staff it gives them the opportunity to gather information so that they can be as informed as possible when they meet with you.

Special Educational Needs and Disabilities

The Learning Support Department works to ensure that both the formal and informal curriculum is accessible to all students. It provides training and advice around many aspects of Special Educational Needs and Disabilities so that teaching and support staff are confident in meeting the range of needs present in a mainstream Community College such as Heathfield. The department is comprised of specialist staff who work in the curriculum, supporting academic and social learning and who advise teaching and pastoral staff to lead on appropriate provision for all students.

Teaching and Learning

Our innovative curriculum enables all of our students to follow a pathway that plays to their strengths and opens doors to their futures; to develop a wide knowledge of the cultural and physical world that surrounds them; to embrace the intrinsic rewards of achievement and develop a love of learning.

We have a commitment to hold high aspirations for all of our students. We are conscious of the power of high expectations. We do not wish to accept mediocrity for Heathfield students; setting ambitious goals for all students regardless of their background or prior attainment believing that they are capable of achieving excellence if we provide them with a suitable scaffold.

The vision for the curriculum at Heathfield is one of ambition and breadth; to ensure a high-quality experience bespoke to our students, taking account of their starting point and the expertise of our staff. The curriculum is designed to develop the knowledge and characteristics they need to be able to access, succeed and thrive at the highest levels (*Excellence as a habit*).

The curriculum for students aged 11-16 is broad and balanced and prepares all students for progression into further education or training. The subjects in years 7 and 8 set the groundwork for choosing options in year 8 and starting GCSE subjects in year 9. Students are taught the right habits that will stand them in good stead for their GCSE subjects. Teaching and learning at Heathfield seeks to develop students' skills, providing opportunities for challenge, independence and feedback as well as a digital literacy that will help prepare them for life beyond the College.

Students from Heathfield Community College leave the College as well-rounded young adults ready to be responsible citizens of the future with strong values, strong principles and ambition for success. This is achieved by a clear focus on the skills and attributes that we know are essential for future success in life. The exceptional exam results achieved by our students will open doors but the key to sustained future success and happiness is the ability to demonstrate the qualities that rarely appear on an exam paper.

We call them our Heathfield Habits and we promote, recognise and reward them every day.

We understand the curriculum extends beyond the classroom and the wider opportunities offered to students at Heathfield are considerable, especially in sport and the arts.

Educational visits are many and varied, both locally and abroad.

In Years 7 and 8 all students follow courses in:

- English, Mathematics, Science
- Technology - (including Food and Computing)
- History, Geography, PRE
- Music, Art, Drama
- A Modern Foreign Language
- Personal, Social, Health and Economic Education
- P.E.

The method of learning is important and our College reflects the changing needs of students. In Year 7, teaching is in mixed ability groups. The exception to this is Maths in which students are set in ability groups from the start of the year.

Students choose their options subjects with advice and guidance in year 8, beginning their GCSE course of study in Year 9.

Homework

The College knows from research and experience that homework plays a fundamental role in students being successful in their study. Students who complete the advised amount of homework:

- Do better academically by at least 1/3 grade
- Have better wellbeing as they are on-top of their workload and organised
- Develop self-management and independence skills that help them in later life

All homework assignments are recorded on Arbor, our management information system. Students will receive clear instructions about the task length, deadline and associated resources on Arbor.

Homework tasks will be gradually phased-in for Year 7 students during Term 1 in 2026-27.

Specific guidance relating to Key Stage 3 and 4 homework tasks can be found [here](#).

Reading

Our belief is that a reading habit is critical to a students' success and wellbeing.

We expect students to read for 2 hours a week outside school and this will be discussed with a student's English teacher.

The Library Assistant and English teachers are always happy to support a student in finding a book they might enjoy.

Top Tips on Homework

Children can...	Parents can ...
Make sure they regularly check the Arbor app or Arbor website to see the homework that they've been set.	Download the app and sync their device so it updates whenever your child receives and completes a homework.
Start homework when it is set, rather than waiting until the deadline leading to a rushed/poorly completed piece of work.	Check that homework is completed on time by using the deadline filter on the Arbor app.
Work out, when they will complete homework and set a weekly routine/schedule.	Help them stick to a pattern of work times to build good study habits.
Take responsibility for their homework it from the start. Ask their teacher for help if needed, developing independent skills	Try not feel the need to help them do the work. If concerned that they are struggling, contact the class teacher to request they provide some support.
Be encouraged to show parents their finished homework and talk about their learning at home.	Be really positive when they have done homework, ask about what they have learnt and show them it matters that they try their best.

We would encourage all parents/carers to visit our [supporting home learning](#) website page for further guidance on how to support your child at home.

College Support and Expectations

Our staff are always willing to support students with homework and departments run sessions after school where students can seek additional support with the homework set, if required. The library is open each night, after school, for students to complete homework.

Our high expectations mean that students who do not complete homework on time or to an acceptable standard will face a consequence in the form of an after-school detention. This is a means of reflecting how much importance we attach to homework, the habits of independent learning and helping students understand the expectations we have of them.

Library

The Library at Heathfield Community College is one of the most important areas in the school. It is a place for students to relax with a book, discuss books with other students and staff or revise and complete tasks set by teaching staff. We expect all our students to read outside of school; if students don't have a book at home, we have thousands of books for students to select from, borrow for up to 2 weeks and then either renew or return. If students aren't sure about what to read, they can have a conversation with our friendly Librarian who will recommend a book.

We recognise how important it is for our students to engage with reading and to make it a habit. Consequently, we have introduced a reading reward scheme which recognises the amount that students are reading at Bronze, Silver and Gold levels. As part of English curriculum time in years 7, 8 & 9, once a fortnight, students will have a Library lesson where students will be asked about what they are reading at home, asked to complete book reviews, spend time reading independently and may be required to read to the Librarian or English teacher in a 1-to-1 scenario.

The Library is central to school-life in other regards: author visits, activities to celebrate World Book Day, the very popular Library Quiz Night. All in all, you'll find the Library a vibrant place of learning at the heart of life in Heathfield Community College.

Top Tips on Teaching and Learning

- Talk to your son or daughter about what they are doing at school.
- Take an interest. Regular communication can help prevent problems building up and allowing you to inform the College of any concerns that might need addressing.

Supporting your son or daughter's literacy

Everyone can be successful in improving their literacy skills; the key is to practise. As parents, you can play a significant part in helping your child to succeed by doing some very simple things.

- Ensure that your child is reading a book at home by checking how many pages your child has read each week and what has happened in the story.
- Ask your child to tell you about: what the characters in the book have been doing; why the characters behave in the way they do; what they feel about the characters and why.
- Encourage the reading of news articles, biographies and other forms of non-fiction as well as fictional texts.
- Expect your child to complete a piece of writing every week; it could be a diary entry (either their own or for a character from the book they are reading); it could be an article on a topic they are passionate about; it could be a letter to a newspaper or MP about something topical; it could be a story or poem.
- Read what your child has written with them and ask them to reflect on spelling and punctuation errors. Also consider: whether paragraphs have been used; whether they have developed ideas with some detail and whether they have used techniques to make their writing interesting, such as similes or rhetorical questions.
- Use internet activities to practise punctuation skills. BBC Bitesize is good but many alternatives exist. Try searching google for: *Comma games KS3*.

iPads

All students have an iPad with them in all lessons in order to access the opportunities digital technology provides. The flexibility of the iPad allows for learning to continue outside of the classroom with the ease of resource sharing or having access to class based notes and instructions. It also gives you, the parent, the chance to see the work your child has been completing and to support them with homework and recalling knowledge taught in class.

The iPads are seen as a resource to aid learning. Teachers will use them to make work more varied, allow for different tasks to be completed in different ways and also allowing students to access and personalise learning materials quickly. They are not a replacement to traditional teaching and learning methods. More information about our iPads and the scheme can be found on the College [website](#).

Top Tips on iPads

- You will be shown how to use the iPad in the first few weeks but don't be afraid to ask if you can't remember how to do something.
- The student Digital Geniuses are available to help at break times and lunchtimes if you are stuck or something isn't working on your iPad. They are located in the Digital Genius Bar (Network Services).
- Always keep your login details and passwords private and do not share them, even with people you consider to be your friends.

Get into good habits by:

- Fully charging your iPad every night.
- Bringing your iPad into school each day.
- Learning how to manage your storage so that your work is stored in folders on your College iCloud storage and your own photos and music are largely stored in the cloud.
- You will be provided with a College Managed Apple ID. You should keep your iPad signed into iCloud with this email address.
- Always keeping your iPad in its case. The insurance is invalidated if the iPad is taken out of its case and they can easily be damaged if unprotected.
- Taking the advice given to you about the use of social media and stick to the digital code of conduct.
- Keeping your iPad safe and using your locker for storage when you need to.

Extra-Curricular

There are a variety of extra-curricular activities which students can participate in at the College. These embrace a wide spectrum of interests including clubs for art, homework, dance, drama, Lego, coding, chess and creative writing in addition to Heathfield Radio & TV, choir, orchestra, DofE and carnival club. Students are also able to take part in a wide range of sports and outdoor activities and are encouraged to become members of the College inter-house teams. In addition to more traditional team games, the College offers other sporting activities, such as badminton, table tennis and athletics clubs.

The College has an excellent reputation for its high standard of music and drama, and there are regular public performances. Events have included Brighton Children's Parade and Music Concerts. The GCSE, BTEC & A Level Art, Photography and Technology Exhibition shows the work of our many talented students.

Visits for all year groups are arranged and they have included:

- Geographical and Geological: Pevensey Levels, Brighton, the Sussex Coast and local area
- History: Bodiam Castle, Ypres, National Archives, Parliament and Law Courts
- Cross-curricular: Harry Potter Studios, University visits and Careers Conferences
- Languages: France
- Media: Filming in Heathfield Park
- Theatre Visits: London and Brighton
- Art Visits: Hastings, Bexhill, Brighton, Eastbourne and London
- PE: Eastbourne, Crawley, Horsham, Lewes
- Visits Abroad: Belgium, Austria, Switzerland, Barcelona, Florence and Uganda
- Outdoor and Adventurous: Year 8 Camp and Ski Trip

Students are encouraged to engage with the Supercurricular fortnight three times a year where they have the chance to explore subjects of their choosing outside the classroom curriculum.

At the end of the year we hold an Enrichment Week where all students are off timetable and have the opportunity to take part in a vast variety of experiences from residential trips to workshops in College, ranging from outdoor pursuits including water sports and Aquapark to jewellery making and castle making. Information regarding this will be sent during the first two terms of Year 7.

A full list of the current clubs and the after-school sessions can be found on the [News and Events](#) section of our website in the Extra Curricular Activities area.

Attendance

At Heathfield Community College we expect the highest level of attendance from all our students so that they may develop their full potential during their time at school.

It is our aim to maintain a culture of excellent attendance and punctuality to avoid missing out on education, which has a significant effect on students' life opportunities. Please try to avoid medical appointments during the school day. If it is unavoidable, try to ensure your son/daughter returns to school to continue their education after the appointment.

Attendance is Critical to Student Success!

Heathfield evidence shows that lower attendance affects a student's learning and outcomes.

Students with an average attendance of **96%** or more achieved over 1 and half GCSE grades higher compared to those with attendance less than **90%**.

Good Attendance Means...

Behaviour and Discipline

Heathfield Community College is an inclusive and supportive community. We believe that every member of the College community has a responsibility for behaviour and everyone has the right to feel valued and respected. All staff and students have an entitlement to achieve their maximum potential in a safe and secure environment. It is our belief that good behaviour needs to be consistently and positively encouraged and valued.

We offer our students a high-quality education allowing them to reach their full potential, in a safe, secure and caring environment. We endeavour to instil a love of learning, a sense of fairness and an appreciation of the importance of full participation.

We strive to develop students who, through their determination and resilience, reach their highest levels of academic and personal development. We insist upon consideration towards others and the maintaining of polite attitudes and manners, allowing all members of our community to take pride in their surroundings, behaviour and personal achievements. We believe in the value of positive contributions to our society both locally and nationally, aiming to support all students in their desire to become responsible citizens who will shape the future.

We encourage the acceptance of personal challenges, helping to ensure that students make decisions that benefit themselves and the wider community.

Good behaviour in schools is central to a good education. Good behaviour enables us to provide a calm, orderly, safe and supportive environment in which children and young people want to attend and can learn and thrive. Being taught how to behave well is vital for children to succeed personally and for them to successfully navigate the communities they inhabit.

Heathfield Community College expects high standards of personal conduct and behaviour from all members of the community, we promote respectful and polite relationships that enhance everyone's ability to work and learn.

There is a recognition that everyone is allowed to make mistakes but that these should represent a learning curve from which one grows and develops; the College supports all students in learning from their mistakes.

There is an understanding that students who repeatedly commit breaches of the behaviour policy will face increasing levels of sanctions commensurate with the repetition of the behaviour.

Consequences in Lessons

The consequence system is tiered at 4 levels C1, C2, C3 & C4 which may give rise to sanctions being applied. The consequence system at Heathfield has been designed to ensure students take responsibility for their own behaviour. There is a basic understanding that 2 warnings should be more than enough for a student to stop and change their behaviours, following that persistent repetition of the problem will lead to a clear sanction.

In lessons where a teacher feels that a student is not behaving in an acceptable manner he/she will be issued with a C1 (the first consequence issued as a direct result of a negative behaviour). This is a warning that the student needs to modify/change the way that he/she is behaving.

If the student chooses to ignore this warning and does not modify their attitude/behaviour the teacher will issue a C2 (the second consequence, a result of further negative behaviour).

Should he/she continue to behave in a way that the teacher feels is unacceptable the teacher will issue a C3 (the third consequence, a result of continued negative behaviour, despite two chances to modify his/her actions). This will mean that the student will now continue their learning in another classroom and will automatically be issued with an after College detention. This will take place under the supervision of College staff. Students will then be educated in the department support room for their next lesson in that subject.

Under normal circumstances the College will attempt to facilitate the detention as soon as possible after the teacher has issued the C3.

If a student refuses to leave a classroom to continue their learning in a support room this is logged as a C4. A member of the leadership or pastoral team will come to collect the student and they will continue their learning elsewhere in the College. The student will automatically be issued with an after-school detention and other appropriate consequences determined by the Head of Year based on recent behaviour.

All after College C3/C4/homework detentions run from 3.05pm until 4:05pm on Mondays, Tuesdays, Wednesdays and Thursdays.

Rewards

Individual achievement, attendance and high standards of courtesy and behaviour are all celebrated at College.

Throughout the College praises are awarded by staff for achievement, effort and contribution to College values and aspirations. Praise is tiered at three levels P1, P2 & P3. Students can be awarded a P1 or P2 for displaying the Heathfield Habits in the classroom or in the wider College community.

A P3 is issued for an outstanding contribution over a period of time. All praise is logged electronically in our database and is celebrated in a celebration assembly three times a year where certificates are awarded.

Attendance certificates and rewards are awarded throughout the year for those students who have had excellent attendance along with the Heathfield Community Award for students who have significantly above average attendance and no more than two behaviour logs per term.

In addition, throughout the year there are several events and performances where students' work is celebrated with displays for staff, students and parents. Three times a year we reward the winning House by celebrating the contribution students have made including praise points, leadership strands and engagement in house activities via end of term House assemblies. We hold our annual event to celebrate progress, effort and achievement through our Honours Awards Evening in the summer term.

College Council

Our College Council is a democratically elected body of students who contribute to the College evaluation processes and provide students with a way of raising any concerns they have. They actively discuss whole school issues along with voicing ideas from their fellow peers.

At the start of the academic year, each tutor group elects 2 students to represent them at year council meetings. Two members of the Year Group council are then elected to represent the year group at the Executive College Council meetings with a member of the leadership team and Governors. In addition to elected members, we have nominated members, these are based on applications and recommendations from the Heads of Year.

Our College Council consists of a breadth of students from different year groups and include students who are new to the role and who are already established.

Student Leadership

Heathfield Community College is committed to offer opportunities for students to develop their own leadership abilities. Our leadership programme compliments our extracurricular offer and supports students in developing skills that they can apply both inside and outside of College. We offer a variety of opportunities for students to actively participate in schemes that develop their collaborative working skills and their abilities to lead others. Examples include:

- Digital Genius' - a group of students who work with other students and staff to provide technical support and ideas with iPads
- Radio Heathfield and Heathfield TV (HTV) - our own in College radio and TV station allows students to present and train in the technical running of the radio and TV station
- Library Leaders - students support the library with administration tasks along with contributing to book reviews and suggesting new books for our Library
- Value Leaders - a group of students who work with other students and staff to promote an anti-bullying culture through being role models and activity leaders
- Sports Leaders - a group of students who work with the PE staff to actively engage peers and primary school students in the benefits of sport

- Additionally - Heathfield TV, Student Council, Numeracy Ambassadors, Peer Mentoring, Eco Reps, Heathfield Journalism, Literacy Ambassadors and Year 11 Prefects

During their time at Heathfield students can also apply to the numerous leadership opportunities which are promoted through Assembly. We encourage students to participate widely for their own leadership skills along with supporting College developments.

Charity

At College we actively support Charities and students demonstrate their integrity by both raising money for, or contributing in other ways, towards a number of charities across the year. To achieve this, each House at the College is responsible for one charity event that the whole school is able to take part in and contribute to. Over the past 12 months, we students have completed a sponsored walk, collected for a local foodbank, created care packages for local residential homes and run a bake sale.

We always aim to support local charities and charities that work across the UK and internationally. We are proud of how actively our students get involved and support all charity events in College.

Governors

The governors of Heathfield Community College are involved in all aspects of College life, including setting the budget, monitoring the delivery of the curriculum, appointing staff and liaising with the different College departments. A very high proportion of Governors have or have had children in the College, and are generally representative of the wider community from which the students come.

For more information on our Governors please see the College website or [click here](#).

Food

Cashless Catering

At Heathfield Community College we operate a biometric cashless system in our Dining Room, SnackShack and Hut Zero for purchases at breakfast, break and lunch.

The system uses the latest Biometric Technology, eliminates the need to carry cash in school and facilitates a speedier service time at the tills. Parents can access a full purchase history which means you can see what choices your child has made.

The thumb image taken is a short string of encrypted numbers; it is not an actual finger print and no images are seen. The encryption information is kept within the College and it is not used for any other purpose. If you choose not to have your child registered on the biometric system but still want your child to use the catering facilities a five-digit pin number will be issued. This number can be used at the till via a numeric pin pad.

Packed Lunches/Snacks/College Bakes

As we have students in the College with severe nut allergies that can lead to life threatening anaphylaxis, we suggest that any snacks/cakes/bakes that students bring in for either packed lunches or events held in College do not contain **NUTS OR NUT-BASED PRODUCTS**.

Emergency Closures

Emergency College Closure

In the event of a College closure due to weather conditions, power failure, lack of water, flooding or other emergency the following procedure will take place:

- The Headteacher will alert the local authority as early as possible
- The Local Authority will automatically circulate details on their website and local radio stations listed below so that they can make announcements
- An e-mail message will be sent to all parents informing them of the closure
- A message will go on the College website
- Regular updates will be posted on the College website including when the College will re-open
- Emergency messages can be sent to office@heathfieldcc.co.uk

College Closure During the Day

Details regarding an emergency College closure during the school day will be as follows:

- An e-mail message will be sent informing parents of the reason for the closure and pick up arrangements
- A message will be put on the College website
- The College will liaise with bus, coach and taxi companies to collect students early from the College if possible
- Regular updates will be posted on the College website
- Instructions on how to get alerts from the Local Authority when the school is closed can be found by clicking on the follow East Sussex County Link:
<https://www.eastsussex.gov.uk/education-learning/schools/school-closures>
